Referred to Committee: House Natural Resources & Transportation Committee

\*\*\*\*\*

1 A BILL FOR AN ACT ENTITLED: "AN ACT TO HAVE 20 PERCENT OF POWER IN  
2 MONTANA TO BE PROVIDED BY SOLAR OR ORGANIC POWER BY THE YEAR 2015"  
3 BE IT ENACTED BY THE MONTANA YMCA YOUTH LEGISLATURE:

4 Section 1: The use of wind, water, menthol and solar energy will allow for cheaper more  
5 efficient energy and is also better for the environment.

6 Section 2: The increase in the need of windmills, dams and solar panels will also create more job  
7 opportunities for the citizens of Montana.

8 Section 3: Even if the goal of 20% of all energy is not achieved, any amount that would be  
9 created would be a help to the environment and to Montana as a whole.

10 Section 4: This bill would allow for people to understand that there is a problem with our current  
11 state of the environment and it would allow them to have an influence on the environment.

12 Section 5: People with water front properties and open areas where the wind blows would be  
13 asked to give up their land and if not the area would be sold to the state for a reasonable price.

14 Section6: This bill will become effective immediately upon passage.
